ABOUT OUR FOUNDER

Marge Austin founded Kids Fun and Drama in the Fall of 1989 and remained actively involved until the spring of 2020. Sadly, we lost our beloved leader April 8, 2021. For more than 31 years she generously gave of her time and talent to bring music education, acting, and dance to thousands of children in Beloit and the surrounding area. Although initially created for her four granddaughters, KFAD became a spiritual mission for Marge. She worked tirelessly to gather the necessary resources so that when she was "pushing up daisies" KFAD would continue to be a music education resource for the Beloit area. Marge believed in community service and giving back to one's community. We are honored to carry on Marge's legacy of providing theater education for children regardless of financial circumstance. We hope that Marge is smiling down on us as we strive to carry out her mission and vision into the future.

KFAD MISSION

Kids Fun and Drama has established a mission & purpose of promoting the performing arts of theater, dance & music to children through teaching, training & performance. KFAD is a not for profit 501(c) 3 youth theater group governed by a volunteer board of directors.

DIRECTORS NOTES

My name is Rachel Pariseau, and I am the Music Director. This is my sixth show with KFAD. In college, I did several operas and musicals. My favorite show would be Into the Woods, but the music is really hard, so that's kind of scary ! I love watching kids get cast in lead roles and watch them grow their confidence. I also play violin and sometimes play with the Rockford Symphony Orchestra. I love working with everyone's kids!

My name is Tati Crawford, and I am one of the Assistant Directors for Dare to Dream Jr. In addition to the two shows I have been on the production team for, I also performed in seven shows with KFAD before moving across the country where I continued on the stage. My dream roles would be Esmerelda or Eurydice. I would like to thank Sara, Lucy, and Winston. I am really glad to work with the kids, and am so proud of all the growth they have all had throughout this show.

My name is Xane Terrell, and I am one of the Assistant Directors for Dare to Dream Jr. I have been involved with KFAD since the fall of 2021 where I performed as the Wolf and Rapunzel's Prince in Into the Woods Jr. Since then, I have not only performed, but I've helped create our sets and run our sound systems. I deeply enjoy the magic of theatre. It's a special place where imagination takes the lead. In rehearsals, we've laughed, learned, built worlds out of cardboard and dreams, and discovered that the best kind of storytelling comes from working together. I have deeply enjoyed the experience of working alongside these kids, and I'm so proud of all the work they have done. .

My name is Lucy Smith, and I am the Dance Instructor for this show. As a former KFAD kid, I performed in Scrooge, Fiddler on the Roof, Suessical, and Lion King, but this is my first time helping to choreograph a show. The most memorable moments from this show were watching how excited the kids got when they perfected some of the more difficult dances or box movements. I would like to thank my best friend Tati, who happens to be one of the assistant directors for this show, for keeping me company during early mornings at the studio when I would prepare the dances, and for giving me input and motivation when I needed it.

The Magic of Kids Fun and Drama: "It's a Way of Life!"

Kids Fun & Drama (KFAD) is a not-for-profit children's theatre group located in Beloit, Wisconsin. Each year KFAD puts on two musicals, one in the spring and one in the fall. The kids of KFAD also get involved in community service projects like Christmas caroling to area nursing homes, as well as other public performances. In the KFAD program, your child will learn acting, vocal, and dance skills, as well as how to work with a team of kids who share their passion for the theatre arts. Ask any child involved with Kids Fun & Drama and they will tell you, "Theatre is more than just an extracurricular activity; it's a way of life!" From the day they register until opening night, an amazing transformation happens within a child. Theatre encourages young

people to develop a positive self-image as they increase awareness of their physical being. Along with improving coordination skills theatre encourages self-expression, concentration, communication skills and enhances imagination. Kids Fun & Drama is in the business of teaching and changing the lives of young people. Our vision is for all children to have access to great theater experiences that nourish their imaginations and encourage their innate creativity. Your support can directly make an impact and instill a love for the performing arts that will last a lifetime. We ask you to consider opening a world of imagination and creativity for children by completing the form below to make your tax deductible donation.
